

NZ Safety Alert

20 November 2020

Let's work together to keep ourselves and our workers safe

Winner of Health & Safety Initiative award announced

Congratulations to OceanaGold Macraes who received the Health and Safety Initiative award, sponsored by MinEx at the Minerals Forum 2020 held online this week.

“It was a hard-fought win and was owed due to the duration of OceanaGold’s healthy and safe workers programme and its commitment to their people.” said Wayne Scott, MinEx CEO.

An employer of up to 577 New Zealanders, OceanaGold has for the past five years, been systematically working towards providing a holistic, proactive, health and wellness programme for its employees.

Pauline Carruthers, Occupational Health Nurse at OceanaGold Macraes accepted the award saying she is very committed to promoting proactive health and thinks that “the more companies can focus on this, the healthier their workers will be.”

Congratulations to all the finalists in this category:

- Bathurst Resources - Medical assessment health programme
- OceanaGold Macraes - “Healthy employees make safer employees” programme
- Winstone Aggregates - “Stop for safety” approach to reduce injuries at the plant programme
