

# SHE Flash Report

Class 1P

Class 2A

Other

To be completed and disseminated within 2 hours of the incident occurring.

Date: 28/09/2020

Approximate Time of Incident: 10:30AM

Project: CRR-TSD

**BRIEF DETAILS OF THE INCIDENT – FACTS ONLY, NO SPECULATION (APPLICABLE TO ALL INCIDENTS)**

**Incident Description:**

Laceration to workers left palm.

A worker was tightening up bolts on the recently installed Cavern shaft Calbah stair case.

A Hitachi rattle gun with a 41mm socket attachment was being used to torque up the bolts however the worker could not locate the socket locking pin to prevent the socket from coming loose.

The worker inserted a hose clip (minsup) into the 41mm socket instead, to secure it to the rattle gun.

When the worker commenced the task of torqueing up a bolt the hose clip spun and made contact with the workers left palm causing a laceration.

The worker was wearing Cut level 3 gloves at the time of the event.

**Location:**

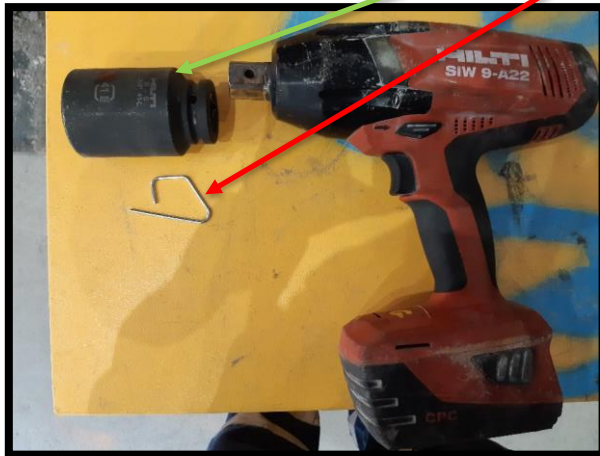

Roma Cavern Acoustic shed - Shaft

**Employer/s of workers involved:**

CBGU JV employee

(Rattle gun & socket attachment secured with minsup clip)

**Photo 3**

(Example of socket and correct fit for purpose socket clip)

**IMMEDIATE ACTION TAKEN – (PROVIDE DETAILS OF ANY CORRECTIVE ACTIONS TAKEN AT THE TIME OF THIS REPORT)**

- Work stopped and area made safe.
- Worker sought first aid treatment.
- Worker was escorted to hospital for further assessment, wound cleansing and treatment (sutures).
- Investigation commenced.

**Incident Type (more than one can be selected):**

Safety & Health     Environment     Rail Safety     Property Damage     Other

Actual     Potential

LTI     Spill     Discharge     Noise

Drug and Alcohol testing undertaken?     Yes     No  
 Breath tested returned     Negative     Non-Negative  
 Awaiting Arrival of tester     Yes     No

**Incident Classification:**    Actual: 2A    Potential: 3P

Consequence Rating (Actual and Potential)			
	Class 1A	Class 1P	Class 2A
Safety	A Death or Permanent Disability	Had the hazard been fully realised the most probable outcome was death or permanent disability	A Medical Treatment, Restricted Work or Lost Time Injury
Environment	Level 1/Potential Level 1		Level 2/Potential Level 2
	Pollution or degradation which has high severity impacts on the community and/or environment and may have irreversible residual impacts.		Pollution or degradation which has moderate severity impacts on the community and/or environment (1 to 3 months duration) but is fully reversible with no residual impacts.
